VOLUME 3.

MARYVILLE, MISSOURI, FRIDAY, MARCH 21, 1913.

NO. 250.

WE MAY HAVE IT

BILL FOR COMMISSION FORM OF GOVERNMENT PASSED SENATE.

MAYOR AND TWO OTHERS

Would Run Business in Towns the Size of Maryville. Bill Now Awaits Governor's Signature.

By a bill which passed the senate at Jefferson City this week, Maryville may have the commission form of government. The bill only awaits the governor's signature for it to become a law, and as there was an emergency clause attached to the bill, it will become effective as soon as the governor signs it.

While the same general plan is contemplated for a city of 3,000 as for one of 50,000, the scheme for the larger city is slightly more elaborate. Cities between 3,000 and 12,000 will elect a mayor and two councilmen; between 12,000 and 20,000, a mayor and three councilmen, and between 20,000 and 30,000, a mayor and four councilmen. No other officers are to be elected by vote of the people. Such officers as city clerk, attorney, assessor, treasurer, auditor, engineer, physician, marshal and others are to be appointed by the council. This is an application of the "short ballot" principle.

Functions of city government are to be exercised through four departments, as follows: Department of public affairs, department of accounts and finance, department of public safety, department of streets and public improvements, and department of parks and public property. The mayor shall be superintendent of the department of public affairs, shall supervise all departments, and shall be president of the council.

The council is given broad powers under the act. It shall "exercise all executive, legislative and judicial powers and duties now had and exercised by the mayor, city council, attorney, assessor, treasurer, collector, city engineer and administrative offices. Officers to be chosen by the council to perform these various functions are merely agents or employees, and have no authority outside that delegated to them by the council.

Provision is made for us of the initiative, referendum and recall, for the nomination of candidates for elective city offices by primary and for civil service commissions, which shall meet at stated intervals to hold examinations of candidates for appointive offices. The idea of the commission is to install the merit system in city affairs. It is forbidden a city officer or employee to try to convert another to his political faith or to attempt to influence his vote for or against any candidate for election under the city government. This is to prevent the building up of personal political machines or to perpetuate a group of politicians in office. This section concludes as follows: "Any officer or employee of such city who shall in any manner contribute money, labor or other valuable thing to any person for election purposes, shall be guilty of a misdemeanor."

As to salaries, those of the smaller cities, between 3,000 and 15,000, shall be fixed by ordinance. In cities whose population ranges between 15,000 and 22,000, the annual salary of the mayor shall be \$1,500, and that of each councilman \$1,100. In cities of 22,000 and less than 30,000, the mayor shall receive \$2,000 and the councilmen \$1,500 a year. Salaries of all other officers are to be fixed by ordinance.

Authors of the bill have guarded against the scandal of star sessions by this provision: "All meetings of the council, whether regular or special, at which any person not a city officer is admitted, shall be open to the public."

It is contemplated that the mayor shall be a kind of general manager of the municipal corporation. He shall supervise all departments and report to the council for its action all matters requiring its attention. The superintendent of the department of finance and accounts shall be vice president of the council, and in case of a vacancy in the office of mayor, shall perform the duties of the chief executive. Each councilman, by vote of the council, is to be made the head of one of the city departments, and if there are not enough councilmen to go round—as in the case of the smaller cities, where only two are to be elected—more than one department may be assigned to a councilman.

The bill provides that when 25 per cent of the voters petition for an election to decide whether the new rule shall be adopted or not, the mayor shall call an election. A majority of the votes cast at the election are required to adopt the new rule.

CONCERTS AT NORMAL PARK?

Maryville Band Considering Plan of Having Them on Sunday Afternoon During the Summer.

There is some talk of putting on Sunday afternoon concerts at the Normal park during the summer months, and the proposition is being received with favor by the band members and other people. The concerts would be in the nature of sacred concerts and would provide some entertainment for the people on Sunday afternoon during the summer months. There is not a better place than Normal park for these concerts.

Quality is our success, our guarantee that every customer must be satisfied. **DENHAM.**

The Executive Committee of the Nodaway County Anti-Saloon Alliance Will meet in the lecture room of the Christian church Monday, March 24, at 1:30 p. m. Pastors of all churches in the county are requested to be present. **L. H. BADGER, President.** **C. H. JOHN, Secretary.**

HAS A WIRELESS

HAROLD STAPLES BUILT AND INSTALLED STATION.

FOUR YEARS OF LABOR

Working Since a Lad of 12 to Perfect Apparatus, Success Has Been His Reward.

Great inventions are not necessarily large or costly.

Harold Staples, a beginning senior in the Maryville high school, has fully demonstrated the fact that to get in touch with some of the big things in life, things that are right now playing a big part in the world's history, commercial and diplomatic, is just to put into use the ingenuity and skill, or plain horse sense, that is given us, and, as a rule, there will be the wherewithal to take us a little farther, at least.

By study, his own personal efforts, and the encouragement of his parents, Mr. and Mrs. W. J. Staples, who encouraged him to "letting" him "work at things" in his workshop in the basement of the Staples millinery house, this young man has established a wireless telegraphy station.

A real wireless station, mind you. Not a toy affair that can send or receive messages a few hundred feet away. But a station that receives messages from any wireless station on the Atlantic or Pacific coast.

He has so successfully tuned his instrument that in a remarkably short space of time he has taken messages from the circuit of San Francisco and Los Angeles, Cal.; El Paso and Galveston, Texas; New Orleans, Boston and New York.

Young Staples grew up on the Morse telegraphic code, taught him by his father, and as the transcontinental wireless code is practically the same, he has no difficulty in receiving. But owing to restrictions made by law he can send messages only a comparatively short distance, as experimenters would interfere with the work of the government's wireless stations.

Every bit of the outfit or apparatus for Maryville's wireless station in the (Continued on Page 2)

20 YEARS AT IT

J. R. BRINK HAS BOSSED THE WEATHER THAT LONG.

1910 WAS THE DRY YEAR

1899 Holds the Record for Continuous Low Temperature and 1911 Had the Hottest Day.

Weather Observer J. R. Brink, who has been holding down the weather job for the past twenty years, has a complete record of the weather during all these years of this community. Before that time no record was kept of the weather here. It is very easy to find out the coldest day during the twenty years, and also the warmest day, also the rainfall by days, months and years, and the temperature for each day and also other weather observations.

The report has just recently been completed, and has been gone over by the United States department of agriculture weather bureau.

The elevation of Maryville is 1,169 feet, the latitude 40 degrees and 21 minutes, and the longitude is 94 degrees and 52 minutes.

The coldest day of the twenty years was on January 12, 1912, when it was 23 degrees below zero. On February 12, 1899, the temperature was also down to 23 degrees below zero.

The hottest day of that period of time was on July 5, 1911, when it was 108. On July 24, 1901, it was 107.

In the record of the unusual meteorological phenomena, the following is noted:

December 2, 1896, at about 1:45 p. m., we saw a bright meteor in the western sky while the sun was shining.

July 6-7, 1898, heaviest rainstorm of any remembrance by the oldest inhabitants, 6.84 inches in 24 hours.

October 17, 1898, a very heavy snowstorm began early in the morning and lasted 28 hours without ceasing, and 10 inches of snow fell. Sun did not shine to exceed five minutes from Sunday, October 14, to October 22.

In February, 1899, for 19 successive days the mercury was below zero from January 27 to February 14. For 5 days from February 9 the mercury did not rise above zero. For these 19 days the average maximum temperature was 7 degrees above, average minimum 15 degrees below, making average temperature 4 degrees below.

The total precipitation by years follows: 1895, 26.75 inches; 1896, 38.55; 1897, 39.39; 1898, 42.33; 1899, 38.61; 1900, 39.83; 1901, 34.72; 1902, 45.24; 1903, 41.34; 1904, 43.41; 1905, 38.48; 1906, 32.24; 1907, 41.30; 1908, 43.79; 1909, 46.38; 1910, 22.05; 1911, 33.94; 1912, 29.05.

During the year 1910, it has the record for being the dry year, as less precipitation than any other year for the twenty-year period; 1895 comes next with 26.75 inches, and 1912 is third with 29.05 inches.

Friday being "Good Friday," the day to plant potatoes, the mercury stood at 9 degrees above zero, and there were a few inches of snow on the ground. The coldest day on March 21 for the past twenty years was in 1906, when it was 4 above zero.

NOTES OF THE NORMAL.

At a meeting held after the chapel exercises Friday morning the Y. M. C. A. elected officers for the coming year. They are: President, James A. Jones; vice president, Elmer Grier; treasurer, Eugene Bird; secretary, Harvey Watson. The retiring officers are: President, James A. Faris; vice president, C. I. Jones; treasurer, Lawrence Zelliff; secretary, Glen Lukens.

Miss Hettie M. Anthony of the home economics department went to Grant City Friday morning, where she will address the patrons of the schools of that town Friday afternoon. Miss Anthony was accompanied by Mrs. Alice R. Perrin, dean of women.

The Normal Male Quartet sang two selections at the chapel exercises Friday morning.

It is getting the time of year when the office is flooded with letters from representatives of schools all over the district asking for different members of the faculty for commencement addresses. The teachers are unable to supply the demand, although they stand willing to go whenever it is possible to leave the work of the school. Prof. Harry Miller and Prof. J. A. Lesh seem to be in greatest demand.

The four-act comedy, "Lost, a Chap-erone," will be staged by the members of the spring graduating class. The performance will be given about the middle of May. The artists, most of whom are members of the class, are Misses Georgia Wood, Ruth Beggs, Ona Alley, Dolly McDonald, Edith Neal, Messrs. Frank Miller, Lawrence Zelliff, Clarence Jones, James Faris, Fred Lewis and O. H. Quinn.

To the Democrats of Polk Township

Felix Grundy, a candidate for the Democratic nomination for Collector of Polk township, since the time of the announcement of his candidacy, has been suffering from sickness, and by reason of that unable to make a vigorous personal canvass. His friends desire to say for him that he has always been a sterling Democrat, a splendid citizen, a man of clean, industrious habits, and deserving of a favorable consideration from his party. Never in the party's history has there been a time for the need of yeoman service but that Felix was in the front rank, exerting every honorable effort to bring about its success, and his friends believe that because of his efforts in the party and his splendid manhood and citizenship that he ought to be honored by receiving this nomination, and we confidently assert to the public that if he is nominated for the office of Collector at the primaries, to be held next Saturday, that we can insure his triumphant election, and from our knowledge of the man and his splendid qualifications, that he will make an officer of whom the citizens of this township, irrespective of party, will be proud. We publish this to the public because of the unfortunate illness that he is suffering from at this time, which precludes a personal canvass of the citizens by him. This article is published by his friends without his knowledge. We say "Hurrah for Felix!" and appeal to the Democracy of this township to reward his years of party service by honoring him with this nomination.

THE FRIENDS OF FELIX GRUNDY.

A FINE BAND CONCERT.

First Appearance of Maryville Band Greeted by a Good Crowd at Empire Thursday Night.

A fine band concert was given Thursday evening by the Maryville man band at the Empire theatre and the program was well received. A number of the standard pieces by the best composers was played and their rendition was fine. The band only had a short time to practice, about two weeks. The attendance was good considering the weather and the band made some money.

The members of the Maryville band are as follows: Cornets—T. B. Maudling, director; Ed Schumacher, Shanks, and Paul Denny.

Clarinets—Harold Maudling, Griffith, Butcher.

Piccolo—Don Aldrich.

Trombones—Paul Bassford, Stafford and Farrer.

Baritone—Lloyd Miles, Ed Walker, L. O. Goble.

Alto—Switzer, Brewer.

Bass—Robertson.

Drums—Eph Adie, Frank Schumacher and Atherton.

PROFESSOR LESH SPOKE.

Storm Detained Rev. Cox Over Night at Rockport, Where He Had a Church Wedding.

Services at the First M. E. church Thursday night were impressive and well attended. The pastor was in Rockport Thursday to officiate at a church wedding at 3 o'clock in the afternoon, and on account of the storm was unable to reach the train in time to come home Thursday evening. His place was taken at the evening service by Prof. J. A. Lesh, who spoke on "The Institution of the Lord's Supper." His address was interesting and helpful.

Mrs. Robinson sang, much to the delight and profit of all. Her well trained voice, clear enunciation, appreciation of the sacred in life make her an effective soloist and a sympathetic interpreter of sacred music.

Services tonight. Subject of sermon, "A Day of Suffering." The choir will sing "God So Loved the World," by Stainer. Lona Perrin will sing "The Man of Sorrows," by Adams.

You are cordially invited. **GILBERT S. COX, Pastor.**

Good Friday Service.

The service at the Presbyterian church tonight will begin at 7:30 o'clock. The sermon will be on "The Depths of Love," and Mrs. Fred Robinson will sing.

Denham sells harness and buggies.

MEETING HINDERED BY STORM.

Lamson, the Burlington Railway's Agricultural Specialist, Spoke to an Interested Crowd at Harmony.

The meeting at Harmony church Thursday night to consider the advisability of hiring a farm expert or adviser by the farmers of Nodaway county for their own good, was not nearly so well attended as it would have been had the weather been more favorable. As it was, about seventy-five farmers were in attendance, and that was good for so bad a night.

A great many there were pretty well informed on the subject and were in hearty favor of employing a farm adviser. The others present, who had not given much thought to the subject, were not opposed to the proposition because they wished to know all about the matter before making up their minds for or against it.

Rev. C. R. Green, the pastor at Harmony, who is one of the leaders in the movement in his community, says that he believes the Commercial club of Maryville and its newspapers should see to it that all the information possible upon the matter be given the farmers of the county, that they may know what they are doing before they go into it.

Home From Drake University.

Miss Ella Walton Frank arrived home Thursday night from Des Moines, Ia., where she is attending Drake university, to spend Easter vacation with her parents, Mr. and Mrs. W. C. Frank.

Have your harness oiled and repaired ready for spring at either of Denham's stores.

Returned to Illinois.

Mrs. G. R. Perry of Woodhull, Ill., who has been with her sister, Mrs. E. W. Heideman, for several days, left for her home Friday. Mrs. Heideman's illness was the occasion of Mrs. Perry's visit at this time.

Suits Filed.

Mary J. Jackson vs. Alex. Litts, note of \$422.35, Cook, Cummins & Dawson, attorneys for the plaintiff.

Allen Bros. vs. J. C. Carmichael, a commission fee of \$326 is being sued for. Flemming & Wiles, attorneys for the plaintiffs.

Easter Vacation With Daughter.

Mr. and Mrs. F. L. Dunn of Bolckow arrived in Maryville Thursday night and visited until Friday noon at the home of Mrs. Dunn's sister, Mrs. W. C. Frank, when they left for Columbia, Mo., to spend a week with their daughter, Miss Helen Dunn, through the Easter vacation time. Miss Dunn is a student at the state university.

Maryville, Mo., March 21, 1913.

To My Friends of Polk Township

I am writing you at this time calling your attention to the fact that I am a candidate for the nomination to the office of Township Collector before the Democratic convention to be held in Maryville next Saturday, March 22.

I have perhaps been unable to see you in person and I therefore take this method of asking you for your support.

I have no unkind word to say against either of my opponents, as they are both splendid boys.

I was born and raised in Nodaway county; I was a candidate for sheriff of this county at one time and went down to defeat in the landslide of 1904. I want to say to you that should I be nominated, I will use all honorable means to gain the election, and should I be successful, I assure you that the office will be so conducted that you never have cause to regret having given me your support.

I therefore ask of you to impose every confidence in me, come to the convention and aid me in my ambition to serve the people of Polk township as their collector.

Thanking you in advance, and again assuring you of my appreciation of your support,

Adv. I am very truly,

Frank Bolin

SUES FOR DIVORCE.

Dora K. Younger Seeking Divorce and Custody of Minor Children.

A suit for divorce was filed Friday morning by Shinabargar, Hagg & Ellison for Dora K. Younger vs. Orville A. Younger. They were married November 6, 1906, in Nodaway county and lived together until February 2, 1913. According to the petition, such indignities, such cruel and barbarous treatment as to endanger her life were offered, and the defendant is a vagrant as he did not provide means of support, and caused the plaintiff to work in a family of eight persons on a farm, southwest of Quitman, when the plaintiff was not in a condition to work. The petition states that the defendant moved from place to place and that he did not provide either food or clothing. Three children were born, two of whom have been taken by the defendant, the petition claims, and their address is unknown. A divorce and the care and custody of the three minor children, and security for maintenance are asked for.

TO SPEND \$28,000

PLANS ADOPTED FOR IMPROVEMENT OF WATER PLANT.

TO ENLARGE CAPACITY

Improvements in Filtering System, Increased Pumping and Storage Capacity in Water Tower.

Work will start at once on improving the city water plant, as the plans of C. F. Phillips, an engineer of St. Louis, who is connected with Hiram Phillips of that city, were adopted by the board of public works at a meeting held Thursday night. The plans call for remodeling the pump house, for pressure filters to be installed, for changes in the water tower, and for a new concrete dam, and the estimated cost for making these improvements will be \$28,000.

The changes in the pump house that will be made follows: Present building will be used; frame coal shed to be torn down and a brick structure to be added to the pump house building; in the new brick structure a new boiler will be installed, and after the operation of the new one the two old boilers in the house will be taken out and another new boiler added to take the place of the old ones; one new high pressure pump to be installed; two low service pumps; an electric generator lighting system; a feed water heater.

The new filters to be used will be the pressure filters. The old filters are the gravity filters. The pressure filters will be installed west of the pump house and water will be pumped through these filters. The two old basins will be used, one for a coagulating basin, and the other for a settling basin. The capacity of the two filters will be 500,000 gallons of water a day. The basins are to be repaired, such as having a paved concrete floor and the slopes to be of brick.

The water tower will be used. The tower is 165 feet high, and the exterior of the building will not be changed in any way. The steel tank will be enlarged by twenty feet, making it eighty feet in height and eighteen and a half feet in diameter. The tank will be supported on a steel trestle and the capacity will be increased over one-third from what it is now. The tank in the tower at the present time is supported on a brick arch. The improvements in the water tower is estimated at \$5,000.

A new concrete dam will also be built, but it is not fully decided where it will be located.

It is estimated that the improvements to be made will cost \$28,000.

Here for Funeral.

Byron Groves of Wray, Col., arrived in Maryville Friday noon to attend the funeral services of John W. Snapp, to be held Saturday afternoon at the Buchanan Street Methodist church. Mr. Groves is a brother of Mrs. Snapp.

Mrs. J. E. Horton, who has been making her home at Mexico, Mo., was in Maryville Friday, going to Bedford, Ia., to make her home, and where her husband preceded her several days ago.

When there is any BETTER HARNESS made than DENHAM MAKES, Denham will make them. See either store.

Died in San Diego.

Mrs. Lucinda Richardson of South Market street received word a few days since of the death of her daughter, Mrs. Slaton Harris, at her home in San Diego, Cal., March 8. Death resulted from a stroke of paralysis. Mrs. Harris suffered in January. Her long illness and the feebleness of Mr. Harris, who is an invalid, delayed somewhat the notice Mrs. Richardson received of her daughter's death. Mrs. Harris, who was Miss Mary Richardson of this city, visited in Maryville a few years ago with her mother and sister, Miss Daisy Richardson, and other relatives here.

Denham makes the price on harness and buggies at both stores.

GETS GOOD PLACE.

Former Maryville Boy Made Office Manager of Large Firm.
Earle B. Trullinger, a former Maryville boy and a graduate of the Maryville high school in 1906, has recently been selected for the position of advertising and office manager of a \$1,000,000 real estate firm at Cape Girardeau, Mo. The firm with which Mr. Trullinger goes is that of Wilson & Frant. This firm owns thousands of acres of the richest lands in Southeast Missouri. Mr. Trullinger is in complete charge of their offices and selling forces. In addition to land the firm is in the manufacturing business and manufactures threshing outfits. They are also financing and promoting an interurban line from Cape Girardeau to Memphis, Tenn. Mr. Trullinger also has charge of these interests.

Until recently Mr. Trullinger has been managing editor of an advertising adviser to the Berkshire World and Cornbelt Stockman, a large farm

EARLE B. TRULLINGER

publication at Springfield, Ill. He only recently resigned this position to take up more important duties with the real estate firm.

Mr. Trullinger was graduated from the University of Missouri in the class of 1912 with the degree of B. S. in journalism and advertising. In addition to his journalism work he has credit for three years of art and science, and three years' work in the college of agriculture at the same school. By hard work and industry he was enabled to do all this work in five years. Considering the fact that he has only been out of school one year, his achievement is quite rapid.

Mr. and Mrs. T. M. Trullinger, the parents of the young man, live six miles west of town. They have only recently completed a beautiful country home, "Home Acres."

While at the university Mr. Trullinger took a prominent part in student activities, being a member of the Dana Press club, The University Ad club, president of the Nodaway County club and a member of the Kappa Nu Delta fraternity. During the time he was in the university he was a roommate of Fred Wolfers, who is now attending Columbia university, New York City. It is the intention of Mr. Trullinger to spend his vacation, the first three weeks of June, in Colorado and visiting his home, west of town.

Weak Stomachs Made Strong in One Week.

If your stomach is so weak that food won't stay down or fermentation takes place, causing gas, heaviness, and general misery, you need MI-O-NA Stomach Tablets and the sooner you get them the better for you.

Orean-Henry Drug Co. knows what one 50-cent box will do for they honorably offer to return the cost if you aren't splendidly benefitted.

Don't be timid about trying this great Stomach prescription. It has cured thousands of cases of chronic indigestion, gastritis, dyspepsia and catarrh of the stomach. There is no reason on earth why MI-O-NA Stomach Tablets won't make you healthy and happy.—Advertisement.

FUND FOR SOCIAL WELFARE

Gives \$550,000 to Improve Conditions of New York Poor.

New York, March 21.—A gift of \$550,000 by Mrs. Elizabeth Milbank Anderson for social welfare laboratories to be conducted by the New York association for improving the condition of the poor was announced by the association. The gift is the largest single one ever known to the association.

The gift is not for the relief of dependent individuals or families, but is to be used exclusively to foster preventive and constructive social measures. Establishments of experimental laboratories for purposes of testing proposed measures is a part of the program under which the fund is to be utilized. In general, it is intended to foster those activities which are calculated, in the words of the donor, "to prevent sickness and thus diminish poverty, such as the promotion of clean lines and sanitation and aid in securing a proper food supply."

Extension of public bath work, of the work of serving hot lunches to school children at cost and of increasing clinic facilities for treatment of physical defects of school children, are among the lines of effort contemplated. Establishment of public laundries and public bakeries in the congested districts is also suggested.

Charged With Stealing Half Million.

Muskogee, Okla., March 21.—A warrant was sworn out at Coweta, Waggoner county, by John S. Bilby, charging J. A. Wishard of Fort Worth, Tex., with stealing negotiable notes and securities worth \$500,000 from Bilby's safe at his home near Coweta. The warrant was sent to Fort Worth to be served.

STOMACH STARTERS

EAT ANYTHING NOW
No Indigestion or Upset Stomach for "Pape's Diapepsin" Users.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.—Advertisement.

Two new offices were created by bills passed by the house. The office of drainage commissioner to take charge of the drainage work in Southeast Missouri will pay \$3,000 a year. The office of state mine inspector also is established with a salary of \$2,000 a year. There are five deputy mine inspectors now, but they have no officer in charge of their work.

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Maryville.

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, backache, etc. Urine poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maryville woman tell of her experience.

Mrs. L. Cain, 709 East Second street, Maryville, Mo., says: "My kidneys bothered me quite awhile and I had backaches and headaches. On a friend's advice I got Doan's Kidney Pills and they soon brought me relief. I can certainly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.—Advertisement.

To Meet Saturday, March 22.

The Democrats of White Cloud township are requested to meet in a mass convention at the Davis school house on Saturday afternoon at 2 o'clock, March 22, for the purpose of nominating a township ticket.

NED BUSBY, Committeeman from White Cloud Township.

Going to Be Good.

The Bedford Free-Press in this week's issue had the following: Sheriff Morley, accompanied by Sam Stewart, took Harrison Lamb, who received a five-year sentence for the shooting up of the Pierson home near Hopkins, to Ft. Madison Friday noon. Lamb displayed no emotion whatever except that he stated that after this he was going to be good.

For Loss of Hair

We will pay for what you use if Rexall "93" Hair Tonic does not promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Rexall "93" Hair Tonic. We have such well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day treatment.

If Rexall "93" Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling and promote a new growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly hand it back to you. You don't sign anything, promise anything, bring anything back, or in any way obligate yourself. Isn't that fair?

Doesn't it stand to reason that we would not make such a liberal offer if we did not truly believe that Rexall "93" Hair Tonic will do all we claim for it—that it will do all and more than any other remedy?

We have everything there is a demand for, and are able to judge the merits of the things we sell. Customers tell us of their success. There are more satisfied users of Rexall "93" Hair Tonic than any similar preparation we sell.

Start a treatment of Rexall "93" Hair Tonic today. If you do, we believe you will thank us for this advice. Two size bottles, 50c and \$1.

You can buy Rexall "93" Hair Tonic in this community only at our store:

VOLUME 3.

MARYVILLE, MISSOURI, FRIDAY, MARCH 21, 1913.

NO. 250.

WE MAY HAVE IT

BILL FOR COMMISSION FORM OF GOVERNMENT PASSED SENATE.

MAYOR AND TWO OTHERS

Would Run Business in Towns the Size of Maryville. Bill Now Awaits Governor's Signature.

By a bill which passed the senate at Jefferson City this week, Maryville may have the commission form of government. The bill only awaits the governor's signature for it to become a law, and as there was an emergency clause attached to the bill, it will become effective as soon as the governor signs it.

While the same general plan is contemplated for a city of 3,000 as for one of 50,000, the scheme for the larger city is slightly more elaborate. Cities between 3,000 and 12,000 will elect a mayor and two councilmen; between 12,000 and 20,000, a mayor and three councilmen, and between 20,000 and 30,000, a mayor and four councilmen. No other officers are to be elected by vote of the people. Such officers as city clerk, attorney, assessor, treasurer, auditor, engineer, physician, marshal and others are to be appointed by the council. This is an application of the "short ballot" principle.

Functions of city government are to be exercised through four departments, as follows: Department of public affairs, department of accounts and finance, department of public safety, department of streets and public improvements, and department of parks and public property. The mayor shall be superintendent of the department of public affairs, shall supervise all departments, and shall be president of the council.

The council is given broad powers under the act. It shall "exercise all executive, legislative and judicial powers and duties now had and exercised by the mayor, city council, attorney, assessor, treasurer, collector, city engineer and administrative offices. Officers to be chosen by the council to perform these various functions are merely agents or employees, and have no authority outside that delegated to them by the council.

Provision is made for us of the initiative, referendum and recall, for the nomination of candidates for elective city offices by primary and for civil service commissions, which shall meet at stated intervals to hold examinations of candidates for appointive offices. The idea of the commission is to install the merit system in city affairs.

It is forbidden a city officer or employee to try to convert another to his political faith or to attempt to influence his vote for or against any candidate for election under the city government. This is to prevent the building up of personal political machines or to perpetuate a group of politicians in office. This section concludes as follows: "Any officer or employee of such city who shall in any manner contribute money, labor or other valuable thing to any person for election purposes, shall be guilty of a misdemeanor."

As to salaries, those of the smaller cities, between 3,000 and 15,000, shall be fixed by ordinance. In cities whose population ranges between 15,000 and 22,000, the annual salary of the mayor shall be \$1,500, and that of each councilman \$1,100. In cities of 22,000 and less than 30,000, the mayor shall receive \$2,000 and the councilmen \$1,500 a year. Salaries of all other officers are to be fixed by ordinance.

Authors of the bill have guarded against the scandal of star sessions by this provision: "All meetings of the council, whether regular or special, at which any person not a city officer is admitted, shall be open to the public."

It is contemplated that the mayor shall be a kind of general manager of the municipal corporation. He shall supervise all departments and report to the council for its action all matters requiring its attention. The superintendent of the department of finance and accounts shall be vice president of the council, and, in case of a vacancy in the office of mayor, shall perform the duties of the chief executive. Each councilman, by vote of the council, is to be made the head of one of the city departments, and if there are not enough councilmen to go round—as in the case of the smaller cities, where only two are to be elected—more than one department may be assigned to a councilman.

The bill provides that when 25 per cent of the voters petition for an election to decide whether the new rule shall be adopted or not, the mayor shall call an election. A majority of the votes cast at the election are required to adopt the new rule.

CONCERTS AT NORMAL PARK?

Maryville Band Considering Plan of Having Them on Sunday Afternoon During the Summer.

There is some talk of putting on Sunday afternoon concerts at the Normal park during the summer months, and the proposition is being received with favor by the band members and other people. The concerts would be in the nature of sacred concerts and would provide some entertainment for the people on Sunday afternoon during the summer months. There is not a better place than Normal park for these concerts.

Quality is our success, our guarantee that every customer must be satisfied. DENHAM.

The Executive Committee of the Nodaway County Anti-Saloon Alliance will meet in the lecture room of the Christian church Monday, March 24, at 1:30 p. m. Pastors of all churches in the county are requested to be present. L. H. BADOER, President. C. H. JOHN, Secretary.

HAS A WIRELESS

HAROLD STAPLES BUILT AND INSTALLED STATION.

FOUR YEARS OF LABOR

Laboring Since a Lad of 12 to Perfect Apparatus, Success Has Been His Reward.

Great inventions are not necessarily large or costly.

Harold Staples, a beginning senior in the Maryville high school has fully demonstrated the fact that to get in touch with some of the big things in life, things that are right now playing a big part in the world's history, commercial and diplomatic, is just to put into use the ingenuity and skill, or plain horse sense, that is given us, and, as a rule, there will be the wherewithal to take us a little farther, at least.

By study, his own personal efforts, and the encouragement of his parents, Mr. and Mrs. W. J. Staples, who encouraged him to "letting" him "work at things" in his workshop in the basement of the Staples millinery house, this young man has established a wireless telegraphy station.

A real wireless station, mind you. Not a toy affair that can send or receive messages a few hundred feet away. But a station that receives messages from any wireless station on the Atlantic or Pacific coast.

He has so successfully tuned his instrument that in a remarkably short space of time he has taken messages from the circuit of San Francisco and Los Angeles, Cal.; El Paso and Galveston, Texas; New Orleans, Boston and New York.

Young Staples grew up on the Morse telegraphic code, taught him by his father, and as the transcontinental wireless code is practically the same, he has no difficulty in receiving. But owing to restrictions made by law he can send messages only a comparatively short distance, as experimenters would interfere with the work of the government's wireless stations.

Every bit of the outfit or apparatus for Maryville's wireless station in the basement of the Staples millinery house. (Continued on Page 2)

20 YEARS AT IT

J. R. BRINK HAS BOSSED THE WEATHER THAT LONG.

1910 WAS THE DRY YEAR

1899 Holds the Record for Continuous Low Temperature and 1911 Had the Hottest Day.

Weather Observer J. R. Brink, who has been holding down the weather job for the past twenty years, has a complete record of the weather during all these years of this community. Before that time no record was kept of the weather here. It is very easy to find out the coldest day during the twenty years, and also the warmest day, also the rainfall by days, months and years, and the temperature for each day and also other weather observations.

The report has just recently been completed, and has been gone over by the United States department of agriculture weather bureau.

The elevation of Maryville is 1,160 feet, the latitude 40 degrees and 21 minutes, and the longitude is 94 degrees and 52 minutes.

The coldest day of the twenty years was on January 12, 1912, when it was 28 degrees below zero. On February 12, 1899, the temperature was also down to 28 degrees below zero.

The hottest day of that period of time was on July 5, 1911, when it was 108. On July 24, 1901, it was 107.

In the record of the unusual meteorological phenomena, the following is noted:

December 2, 1896, at about 1:45 p. m., we saw a bright meteor in the western sky while the sun was shining.

July 6-7, 1898, heaviest rainstorm of any remembrance by the oldest inhabitants, 6.84 inches in 24 hours.

October 17, 1898, a very heavy snowstorm began early in the morning and lasted 28 hours without ceasing, and 10 inches of snow fell. Sun did not shine to exceed five minutes from October 14, to October 22.

In February, 1899, for 19 successive days the mercury was below zero from January 27 to February 14. For 5 days from February 9 the mercury did not rise above zero. For these 19 days the average maximum temperature was 7 degrees above, average minimum 15 degrees below, making average temperature 4 degrees below.

The total precipitation by years follows: 1895, 26.75 inches; 1896, 38.55; 1897, 39.39; 1898, 42.33; 1899, 38.61; 1900, 39.83; 1901, 34.72; 1902, 45.24; 1903, 41.34; 1904, 43.41; 1905, 38.48; 1906, 32.24; 1907, 41.30; 1908, 43.79; 1909, 46.38; 1910, 22.05; 1911, 33.94; 1912, 29.05.

During the year 1910, it has the record for being the dry year, as less precipitation than any other year for the twenty-year period: 1895 comes next with 26.75 inches, and 1912 is third with 29.05 inches.

Friday being "Good Friday," the day to plant potatoes, the mercury stood at 9 degrees above zero, and there were a few inches of snow on the ground. The coldest day on March 21 for the past twenty years was in 1906, when it was 4 above zero.

NOTES OF THE NORMAL.

At a meeting held after the chapel exercises Friday morning the Y. M. C. A. elected officers for the coming year. They are: President, James A. Jones; vice president, Elmer Grier; treasurer, Eugene Bird; secretary, Harvey Watson. The retiring officers are: President, James A. Faris; vice president, C. I. Jones; treasurer, Lawrence Zeff; secretary, Glen Lukens.

Miss Hettie M. Anthony of the home economics department went to Grant City Friday morning, where she will address the patrons of the schools of that town Friday afternoon. Miss Anthony was accompanied by Mrs. Alice R. Perrin, dean of women.

The Normal Male Quartet sang two selections at the chapel exercises Friday morning.

It is getting the time of year when the office is flooded with letters from representatives of schools all over the district asking for different members of the faculty for commencement addresses. The teachers are unable to supply the demand, although they stand willing to go whenever it is possible to leave the work of the school. Prof. Harry Miller and Prof. J. A. Lesh seem to be in greatest demand.

The four-set comedy, "Lost a Chapter," will be staged by the members of the spring graduating class. The performance will be given about the middle of May. The artists, most of whom are members of the class, are Misses Georgia Wood, Ruth Boggs, Ona Alley, Dolly McDonald, Edith Neal, Messrs. Frank Miller, Lawrence Zeff, Clarence Jones, James Faris, Fred Lewis and O. H. Quinn.

To the Democrats of Polk Township

Felix Grundy, a candidate for the Democratic nomination for Collector of Polk township, since the time of the announcement of his candidacy, has been suffering from sickness, and by reason of that unable to make a vigorous personal canvass. His friends desire to say for him that he has always been a sterling Democrat, a splendid citizen, a man of clean, industrious habits, and deserving of a favorable consideration from his party. Never in the party's history has there been a time for the need of yeoman service but that Felix was in the front rank, exerting every honorable effort to bring about its success, and his friends believe that because of his efforts in the party and his splendid manhood and citizenship that he ought to be honored by receiving this nomination, and we confidently assert to the public that if he is nominated for the office of Collector at the primaries, to be held next Saturday, that we can insure his triumphant election, and from our knowledge of the man and his splendid qualifications, that he will make an officer of whom the citizens of this township, irrespective of party, will be proud. We publish this to the public because of the unfortunate illness that he is suffering from at this time, which precludes a personal canvass of the citizens by him. This article is published by his friends without his knowledge. We say "Hurrah for Felix!" and appeal to the Democracy of this township to reward his years of party service by honoring him with this nomination.

THE FRIENDS OF FELIX GRUNDY.

A FINE BAND CONCERT.

First Appearance of Maryville Band Greeted by a Good Crowd at Empire Thursday Night.

A fine band concert was given Thursday evening by the Maryville man band at the Empire theatre and the program was well received. A number of the standard pieces by the best composers was played and their rendition was fine. The band only had a short time to practice, about two weeks. The attendance was good considering the weather and the band made some money.

The members of the Maryville band are as follows:

Cornets—T. B. Maudling, director; Ed Schumacher, Shanks, and Paul Denny.

Clarinets—Harold Maudling, Grif-fith, Butcher.

Piccolo—Don Aldrich.

Trombones—Paul Bassford, Stafford and Farrer.

Baritone—Lloyd Miles, Ed Walker, L. O. Goble.

Alto—Switzer, Brewer.

Bass—Robertson.

Drums—Eph Adie, Frank Schumacher and Atherton.

Services at the First M. E. church Thursday night were impressive and well attended. The pastor was in Rockport Thursday to officiate at a church wedding at 3 o'clock in the afternoon, and on account of the storm was unable to reach the train in time to come home Thursday evening. His place was taken at the evening service by Prof. J. A. Lesh, who spoke on "The Institution of the Lord's Supper." His address was interesting and helpful.

Mrs. Robinson sang, much to the delight and profit of all. Her well trained voice, clear enunciation, appreciation of the sacred in life make her an effective soloist and a sympathetic interpreter of sacred music.

Services tonight. Subject of sermon, "A Day of Suffering." The choir will sing "God So Loved the World," by Stainer. Lona Perrin will sing "The Man of Sorrows," by Adams.

You are cordially invited.

GILBERT S. COX, Pastor.

Good Friday Service.

The service at the Presbyterian church tonight will begin at 7:30 o'clock. The sermon will be on "The Depths of Love," and Mrs. Fred Robinson will sing.

Denham sells harness and buggies.

MEETING HINDERED BY STORM.

Lamson, the Burlington Railway's Agricultural Specialist, Spoke to an Interested Crowd at Harmony.

The meeting at Harmony church Thursday night to consider the advisability of hiring a farm expert or adviser by the farmers of Nodaway county for their own good, was not nearly so well attended as it would have been had the weather been more favorable. As it was, about seventy-five farmers were in attendance, and that was good for so bad a night.

A great many there were pretty well informed on the subject and were in hearty favor of employing a farm adviser. The others present, who had not given much thought to the subject, were not opposed to the proposition because they wished to know all about the matter before making up their minds for or against it.

Rev. C. R. Green, the pastor at Harmony, who is one of the leaders in the movement in his community, says that he believes the Commercial club of Maryville and its newspapers should see to it that all the information possible upon the matter be given the farmers of the county, that they may know what they are doing before they go into it.

Home From Drake University.

Miss Ella Walton Frank arrived home Thursday night from Des Moines, Ia., where she is attending Drake university, to spend Easter vacation with her parents, Mr. and Mrs. W. C. Frank.

Have your harness oiled and repaired ready for spring at either of Denham's stores.

Returned to Illinois.

Mrs. G. R. Perry of Woodhull, Ill., who has been with her sister, Mrs. E. W. Heideman, for several days, left for her home Friday. Mrs. Heideman's illness was the occasion of Mrs. Perry's visit at this time.

Suits Filed.

Mary J. Jackson vs. Alex. Little, note of \$422.35, Cook, Cummins & Dawson, attorneys for the plaintiff.

Allen Bros. vs. J. C. Carmichael, a commission fee of \$336 is being sued for. Fleming & Wiles, attorneys for the plaintiffs.

Easter Vacation With Daughter.

Mr. and Mrs. F. I. Dunn of Bolckow arrived in Maryville Thursday night and visited until Friday noon at the home of Mrs. Dunn's sister, Mrs. W. C. Frank, when they left for Columbia, Mo., to spend a week with their daughter, Miss Helen Dunn, through the Easter vacation time. Miss Dunn is a student at the state university.

Maryville, Mo., March 21, 1913.

To My Friends of Polk Township

I am writing you at this time calling your attention to the fact that I am a candidate for the nomination to the office of Township Collector before the Democratic convention to be held in Maryville next Saturday, March 22.

I have perhaps been unable to see you in person and I therefore take this method of asking you for your support.

I have no unkind word to say against either of my opponents, as they are both splendid boys.

I was born and raised in Nodaway county; I was a candidate for sheriff of this county at one time and went down to defeat in the landslide of 1904. I want to say to you that should I be nominated, I will use all honorable means to gain the election, and should I be successful, I assure you that the office will be so conducted that you never have cause to regret having given me your support.

I therefore ask you to impose every confidence in me, come to the convention and aid me in my ambition to serve the people of Polk township as their collector.

Thanking you in advance, and again assuring you of my appreciation of your support,

Adv. I am very truly,

Frank Bolin

SUES FOR DIVORCE.

Dora K. Younger Seeking for Divorce and Custody of Minor Children.

A suit for divorce was filed Friday morning by Shinabargar, Blagg & Ellison for Dora K. Younger vs. Orville A. Younger. They were married November 6, 1906, in Nodaway county and lived together until February 2, 1913. According to the petition, such indignities, such cruel and barbarous treatment as to endanger her life were offered, and the defendant is a vagrant as he did not provide means of support, and caused the plaintiff to work in a family of eight persons on a farm, southwest of Quitman, when the plaintiff was not in a condition to work. The petition states that the defendant moved from place to place and that he did not provide either food or clothing. Three children were born, two of whom have been taken by the defendant, the petition claims, and their address is unknown. A divorce and the care and custody of the three minor children, and security for maintenance are asked for.

TO SPEND \$28,000

PLANS ADOPTED FOR IMPROVEMENT OF WATER PLANT.

TO ENLARGE CAPACITY

Improvements in Filtering System, Increased Pumping and Storage Capacity in Water Tower.

Work will start at once on improving the city water plant, as the plans of C. F. Phillips, an engineer of St. Louis, who is connected with Hiram Phillips of that city, were adopted by the board of public works at a meeting held Thursday night. The plans call for remodeling the pump house, for pressure filters to be installed, for changes in the water tower, and for a new concrete dam, and the estimated cost for making these improvements will be \$28,000.

The changes in the pump house that will be made follows: Present building will be used; frame coal shed to be torn down and a brick structure to be added to the pump house building; in the new brick structure a new boiler will be installed, and after the operation of the new one the two old boilers in the house will be taken out and another new boiler added to take the place of the old ones; one new high pressure pump to be installed; two low service pumps; an electric generator lighting system; a feed water heater.

The new filters to be used will be the pressure filters. The old filters are the gravity filters. The pressure filters will be installed west of the pump house and water will be pumped through these filters. The two old basins will be used, one for a coagulating basin, and the other for a settling basin. The capacity of the two filters will be 500,000 gallons of water a day. The basins are to be repaired, such as having a paved concrete floor and the slopes to be of brick.

The water tower will be used. The tower is 165 feet high, and the exterior of the building will not be changed in any way. The steel tank will be enlarged by twenty feet, making it eighty feet in height and eighteen and a half feet in diameter. The tank will be supported on a steel trestle and the capacity will be increased over one-third from what it is now. The tank in the tower at the present time is supported on a brick arch. The improvements in the water tower is estimated at \$5,000.

A new concrete dam will also be built, but it is not fully decided where it will be located.

It is estimated that the improvements to be made will cost \$28,000.

Here for Funeral.

Byron Groves of Wray, Col., arrived in Maryville Friday noon to attend the funeral services of John W. Snapp, to be held Saturday afternoon at the Buchanan Street Methodist church. Mr. Groves is a brother of Mrs. Snapp.

Mrs. J. E. Horton, who has been making her home at Mexico, Mo., was in Maryville Friday, going to Bedford, Ia., to make her home, and where her husband preceded her several days ago.

When there is any BETTER HARNESS made than DENHAM MAKES, Denham will make them. See either store.

Died in San Diego.

Mrs. Lucinda Richardson of South Market street received word a few days since of the death of her daughter, Mrs. Slater Harris, at her home in San Diego, Cal., March 8. Death resulted from a stroke of paralysis Mrs. Harris suffered in January. Her long illness and the feebleness of Mr. Harris, who is an invalid, delayed somewhat the notice Mrs. Richardson received of her daughter's death. Mrs. Harris, who was Miss Mary Richardson of this city, visited in Maryville a few years ago with her mother and sister, Miss Daisy Richardson, and other relatives here.

Denham makes the price on harness and buggies at both stores.

POLITICAL ANNOUNCEMENTS.

Having decided to withdraw as a candidate for the Democratic nomination for constable of Polk township, I take this means of thanking my friends, one and all, for their very generous support, and assuring them of my loyalty to the choice of that convention, I remain,

Very respectfully
W. R. HUGHES.

Township Collector.

I hereby announce myself as a candidate for nomination for TOWNSHIP COLLECTOR, subject to the action of the Democratic township nominating convention.
MARION F. SMITH.

We are authorized to announce
F. S. GRUNDY
as a candidate for the nomination for Township Collector, subject to the action of the Democratic township nominating convention.

We are authorized to announce
FRANK BOLIN
as a candidate for the nomination for Township Collector subject to the action of the Democratic nominating convention.

Township Trustee.

I hereby announce myself as a candidate for township trustee of Polk township, subject to the action of the Democratic township nominating convention.
COOPER GOODEN.

Township Assessor.

I hereby announce myself as a candidate for township assessor, subject to the action of the Democratic township nominating convention.
ED. F. HAMLIN.

White Cloud Township.

I hereby announce myself as a candidate for tax collector of White Cloud township, subject to the decision of the Democratic township nominating convention.
S. B. WILLIAMS.

I hereby announce myself as a candidate for the nomination for Township Collector of White Cloud township, subject to the action of the Democratic township nominating convention.
H. C. SHINALL.

I hereby announce myself as a candidate for tax collector of White Cloud township, subject to the decision of the Democratic township nominating convention.
RUFUS CAREY.

I hereby announce myself as a candidate for Tax Collector of White Cloud township, subject to the Republican nominating convention.
JOHN R. BOHAM.

NON-PARTISAN MASS MEETING.

The voters of the four wards in Maryville are called to meet in mass convention on Friday evening, March 28, at 7:30 o'clock, in their various wards for the purpose of nominating candidates for alderman, there being one alderman to be elected from each ward at the city election to be held Tuesday, April 1, 1913. The conventions will be held at the following places: First ward, new city hall; Second ward, Robey's garage; Third ward, Gray's feed yard; Fourth ward, Star livery barn.

By order of
MARYVILLE CITY COUNCIL.

(First insertion Mar. 18; last Mar. 31.)

CALL FOR CITY ELECTION.

To the voters of the city of Maryville, Missouri: It is hereby ordered that an election be held in the city of Maryville, Missouri, on Tuesday, the 1st day of April, 1913, for the purpose of selecting one alderman from the First ward, one alderman from the Second ward, one alderman from the Third ward, and one alderman from the Fourth ward, each for a term of two years. The polling places will be as follows:

First ward—City hall.
Second ward—Robey garage.
Third ward—Gray's feed yard.
Fourth ward—Star barn.
Witness my hand this 17th day of March, 1913.

A. S. ROBEY, Mayor.
Attest: C. L. GANN, City Clerk.

Resolution No. 133.

A resolution appointing judges of election.

Be it resolved by the board of aldermen of the city of Maryville, Missouri, as follows:

That the following named persons be appointed as judges of election to be held in the city of Maryville, Missouri, on Tuesday, April 1st, 1913:

First ward—Noah Sipes, J. Croy, Ed Hamlin, Austin Nash.
Second ward—F. C. Conrad, I. V. McMillan, Wm. Sawyers, Jeff Ford.

Third ward—A. R. Souers, John Hull, James Cook, Samuel Seelman.

Fourth ward—James Murray, John T. Moore, William Heiple, O. P. Wade.
Passed and approved this 17th day of March, 1913.

A. S. ROBEY, Mayor.
Attest: C. L. GANN, City Clerk.

HAS A WIRELESS

(Continued from Page 1)

basement of the Staples building was wired by Harold Staples, and some of it was manufactured by him. The apparatus occupies a space of not more than four square feet on a long bench of his own construction.

That bench is used for many other things besides wireless telegraphy, for there are all sorts of electrical experiments, cabinet work and amateur photography going on, including the enlargement of pictures, in the work of which a 600-candle power light is used through the ingenuity of the master of the shop.

A light of high candle power is hung directly over the wireless outfit, so that all the light needed is right at hand when the adjustments are being made for hearing messages from the stations. The wiring for the outfit on the bench, up the east wall, across the ceiling to the west window, is perfectly insulated.

On the outside of the window this wire is attached to a No. 6 wire, up the outside wall of the building, then east across the roof, then across Main street to the Linville hotel roof, the basis for the aerial current, or wire, the ground furnishing the other current or wire. The wire was taken down when the winter storms began, but will be replaced in a few days when the storms are over.

The Staples workshop and wireless station always has a number of boys on hand who are interested in the work going on there, and all of them do cabinet work or are at work with electrical experiments, and it is not at all improbable that a great inventor or two will come forth from them.

Harold Staples has been experimenting and working with his wireless station for four years, or since he was 12 years old. He wired the tuning coil himself, a difficult piece of work, upon a rubber fiber composition roller; made an adjustable condenser, a zinc spark gap, a mineral detector stand and an electrolytic detector.

His adjustment of the variable condenser, potentiometer and receiving set has proven absolutely correct. He has the regular wireless telephone receiver, that fits the head comfortably. The head band is adjustable and each receiver fits the ear perfectly. When the young man begins the work of receiving messages he gets in tune by the proper adjustment of the keys, and they work on the same principle as tuning forks. He sometimes meets with messages he cannot understand, so he waits until Uncle Sam's navy gets through with the station, or tunes to another station for a message until the navy department is through for that is what he cannot understand, the code being entirely different.

There are a good many other things in this interesting workshop that would be worth any one's while to see. Harold has a small motor he made for turning small lathes and grinding tools, and other things whose use and names we could not understand or pronounce. But the first thing you see on going in is an engine he has put into use for splitting kindling and small wood. The engine is all that remains of the first automobile Maryville had, and it was brought to town by the senior Mr. Staples. Then there is the darkroom where there is all that is needed for the development and enlargement of pictures from post cards and pictures half that large. And the whole equipment, wireless and all, has not cost an amount that reaches \$40.

Young Staples began to find out why things moved when his father bought him an electric railway train before he was old enough to go to school, and his inquisitiveness and experiments have brought good results.

His cabinet work is also a credit to his handiwork. He has a mission library table, a writing desk, a Roman chair, a footstool, chairs, that are so skillfully made that the joinings cannot be seen. The letter "H" in his oak writing desk is inlaid with walnut. A tray of quarter-sawn oak made for his mother is inlaid with walnut and mahogany in such fine lines that it does not appear possible that it is the work of a school boy.

This is what one boy has accomplished in odd moments.

Home From Iowa.

Mr. and Mrs. L. L. Holbrook arrived home Thursday evening from a winter's stay in Waukon, Ia.

News of Society and Womens' Clubs

Home from Easter Vacation.

Miss Pauline Robb of Hopkins was in Maryville Friday forenoon on her way home from William Woods college at Fulton, Mo., to spend her Easter vacation.

Church Wedding at Rockport.

Rev. Gilbert S. Cox of the First M. E. church of this city performed the marriage ceremony for Miss Sallie Wells of Rockport and Mr. Joseph Brown of Tarkio Thursday afternoon. The wedding took place at 3 o'clock in the afternoon in the M. E. church at Rockport.

Met With Mrs. Jones.

The Parnell Art club met Thursday afternoon with Mrs. Ed Jones of Parnell for its usual work and luncheon. The members present were Mrs. Everett Bailey, Mrs. E. S. Klaas, Mrs. F. A. Breit, Mrs. F. M. Byrd, Mrs. W. N. Morgan, Mrs. C. C. Evans, Mrs. A. F. Hall, Mrs. Horace Jones, Mrs. Ben Jones, Miss Ruby Simmons.

Made His Coat Like Unto Joseph's.

The Ladies' Aid society of Palestine Christian church, twelve miles southwest of Maryville, met Thursday in an all-day session at the home of Mrs. John Neal. The society is making good money for its treasury by doing the spring sewing for its members and friends. The society had an extra piece of work for Thursday one of the men of the neighborhood, Mr. Clarence Lyle, who sold by all a friend and often a friend of the society, having offered the

ladies 50 cents if they would mend his working jacket, as Mrs. Lyle was so busy with her incubator and spring sewing that she didn't have time to do it. The offer was accepted for the society by Mrs. Neal, the hostess, who gathered the patches together by telephone. When the day and guests had arrived it was found that all the colors of the rainbow were in the patches brought for Mr. Lyle's jacket, and then some, for several of the new Bulgarian shades and colors in spring millinery, the like of which was never seen congregated, were among them. The committee appointed to patch the jacket was composed of Mrs. Neal, Mrs. Will Mountjoy and Mrs. Clarence Charles. Considerable pains were taken with the work, and when it was finished it was decided that Joseph's coat of many colors was not more gorgeous. The prevailing colors were the screaming shades of red, blue, green, purple and yellow. At noon a delightful dinner was served, each having contributed something for which she is famous in cooking or baking, and of course it was a feast. The guests of the society were Mrs. Clarence Lyle, Henry Anderson, Will Mountjoy, Will Gex and James Linthicum. The members of the society present were Mrs. Henry Anderson, Mrs. Clarence Charles, Mrs. Will Mountjoy, Mrs. Will Gex, Mrs. John Gex, Mrs. Theodore Snowberger, Mrs. Dick McDowell, Mrs. James Linthicum, Miss Minnie Farmer, Miss Marie Shockey, Miss Lucile Snowberger, Miss Eula Snowberger.

MARYVILLE, MO.

You Will Never Know How "Nifty" Those New Spring Suits Are Which Berney Harris is Now Showing at

\$15.00, \$16.50, \$18.00 and \$20.00 until you try on one.

Selected with great care, to be used as trade winners, they are indeed a special line of values---made equal to \$22.50, \$25.00 and \$30.00 suits. These cuts show some of the new models.

In all the new shades of grey, tan and brown, also in blue serges. Including all the new plain models or Norfolks made and guaranteed by our highgrade houses, the well known makers of

"Dresswell" and "Sincerity" brands of Good Clothes. Of course we can show you a fine line of higher priced Suits, but most sincerely recommend this special line of \$15.00, \$16.50, \$18.00 and \$20.00 Suits

as it compares most favorably with much higher priced suits, especially those higher priced suits offered by other houses.

"So you men" who want that crisp, well dressed feeling on "Easter morning" had better hurry down to Berney Harris' and select from him your new "Easter Togs."

"Berney" is also displaying the most effective of all the new styles in all his other departments.

"Neckwear of great distinction."

Shirts, soft or laundered.

"All the new ones."

Hats and Caps---John B. Stetson and Star.

Hosiery---Holeproof and Black Cat guaranteed.

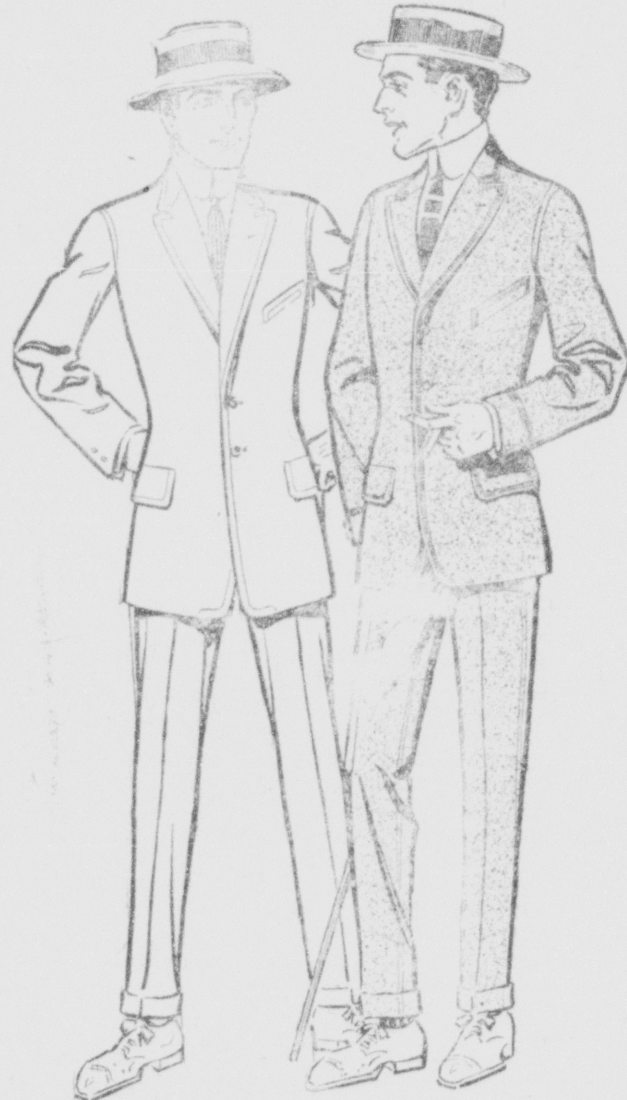

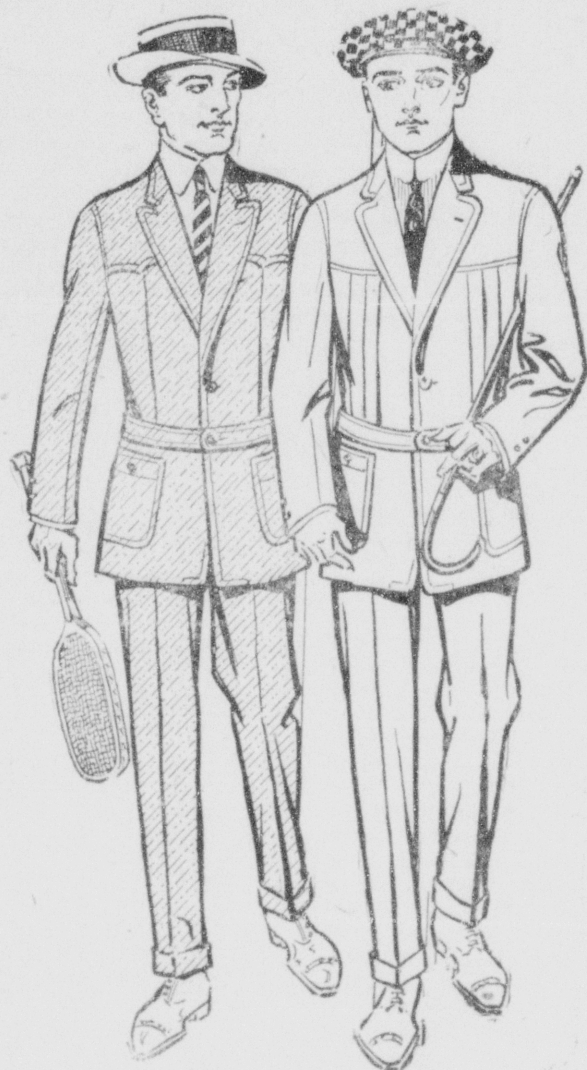

Underwear---Munsing's Glove Fitting.

Regarding our boys' and children's Suit, Shirt, Waist, Hat and Cap line, they are fully up to our usual large assortments and standard qualities. Realizing "how hard" boys are on wearing apparel, have made our prices "bear as lightly" as possible on your pocket book.

You Men and Young Men Don't Miss Those Truly Good and Nifty Suits at \$15.00, \$16.50, \$18.00 and \$20.00.

GETS GOOD PLACE.

Former Maryville Boy Made Office
Manager of Large Firm.

Earle B. Trullinger, a former Maryville boy and a graduate of the Maryville high school in 1908, has recently been selected for the position of advertising and office manager of a \$1,000,000 real estate firm at Cape Girardeau, Mo. The firm with which Mr. Trullinger goes is that of Wilson & Friant. This firm owns thousands of acres of the richest lands in Southeast Missouri. Mr. Trullinger is in complete charge of their offices and selling forces. In addition to land the firm is in the manufacturing business and manufactures threshing outfits. They are also financing and promoting an interurban line from Cape Girardeau to Memphis, Tenn. Mr. Trullinger also has charge of these interests.

Until recently Mr. Trullinger has been managing editor of and advertising adviser to the Berkshire World and Cornbelt Stockman, a large farm

EARLE B. TRULLINGER.

publication at Springfield, Ill. He only recently resigned this position to take up more important duties with the real estate firm.

Mr. Trullinger was graduated from the University of Missouri in the class of 1912 with the degree of B. S. in journalism and advertising. In addition to his journalism work he has credit for three years of art and science, and three years' work in the college of agriculture at the same school. By hard work and industry he was enabled to do all this work in five years. Considering the fact that he has only been out of school one year, his achievement is quite rapid.

Mr. and Mrs. T. M. Trullinger, the parents of the young man, live six miles west of town. They have only recently completed a beautiful country home, "Home Acres."

While at the university Mr. Trullinger took a prominent part in student activities, being a member of the Dana Press club, The University Ad club, president of the Nodaway County club and a member of the Kappa Nu Delta fraternity. During the time he was in the university he was a roommate of Fred Wolfers, who is now attending Columbia university, New York City. It is the intention of Mr. Trullinger to spend his vacation, the first three weeks of June, in Colorado and visiting his home, west of town.

Freckle-Face

February and March Bring Out Un-
sightly Spots. How to Re-
move Easily.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of ointment, double strength, from any druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds in February and March have a strong tendency to bring out freckles, and as a result more ointment is sold in these months. Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove the freckles.

Weak Stomachs Made Strong in One Week.

If your stomach is so weak that food won't stay down or fermentation takes place, causing gas, heaviness, and general misery, you need MI-O-NA Stomach Tablets and the sooner you get them the better for you. Oreat-Henry Drug Co. knows what one 50-cent box will do for they honorably offer to return the cost if you aren't splendidly benefited.

Don't be timid about trying this great Stomach prescription. It has cured thousands of cases of chronic indigestion, gastritis, dyspepsia and catarrh of the stomach. There is no reason on earth why MI-O-NA Stomach Tablets won't make you healthy and happy.—Advertisement.

FUND FOR SOCIAL WELFARE

Gives \$650,000 to Improve Conditions
of New York Poor.

New York, March 21.—A gift of \$650,000 by Mrs. Elizabeth Milbank Anderson for social welfare laboratories to be conducted by the New York association for improving the condition of the poor was announced by the association. The gift is the largest single one ever known to the association.

The gift is not for the relief of dependent individuals or families, but is to be used exclusively to foster preventive and constructive social measures. Establishments of experimental laboratories for purposes of testing proposed measures is a part of the program under which the fund is to be utilized. In general, it is intended to foster those activities which are calculated, in the words of the donor, "to prevent sickness and thus diminish poverty, such as the promotion of clean lines and sanitation and aid in securing a proper food supply."

Extension of public bath work, of the work of serving hot lunches to school children at cost and of increasing clinic facilities for treatment of physical defects of school children, are among the lines of effort contemplated. Establishment of public laundries and public bathhouses in the congested districts is also suggested.

Charged With Stealing Half Million.

Muskogee, Okla., March 21.—A warrant was sworn out at Coweta, Waggoner county, by John S. Bilby, charging J. A. Wishard of Fort Worth, Tex., with stealing negotiable notes and securities worth \$500,000 from Bilby's safe at his home near Coweta. The warrant was sent to Fort Worth to be served.

STOMACH STARVERS

EAT ANYTHING NOW

No Indigestion or Upset Stomach for
"Pape's Diapiesin" Users.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.—Advertisement.

Two new offices were created by bills passed by the house. The office of drainage commissioner to take charge of the drainage work in Southeast Missouri will pay \$3,000 a year. The office of state mine inspector also is established with a salary of \$2,000 a year. There are five deputy mine inspectors now, but they have no officer in charge of their work.

TO AILING WOMEN.

A Little Sound Advice Will Help Many
a Sufferer in Maryville.

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing down pains, lameness, backache, etc. Urine poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maryville woman tell of her experience.

Mrs. L. Cain, 709 East Second street, Maryville, Mo., says: "My kidneys bothered me quite awhile and I had backaches and headaches. On a friend's advice I got Doan's Kidney Pills and they soon brought me relief. I can certainly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.—Advertisement.

To Meet Saturday, March 22.

The Democrats of White Cloud township are requested to meet in a mass convention at the Davis school house on Saturday afternoon at 2 o'clock, March 22, for the purpose of nominating a township ticket.

NED BUSBY,
Committeeman from White Cloud Township

Going to Be Good.

The Bedford Free-Press in this week's issue had the following: Sheriff Morley, accompanied by Sam Stewart, took Harrison Lamb, who received a five-year sentence for the shooting up of the Pierson home near Hopkins, to Ft. Madison Friday noon. Lamb displayed no emotion whatever except that he stated that after this he was going to be good.

For Loss of Hair

We will pay for what you use if
Rexall "93" Hair Tonic does not
promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Rexall "93" Hair Tonic. We have such well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day treatment.

If Rexall "93" Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling out and promote a new growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly hand it back to you. You don't sign anything, promise anything, bring anything back, or in any way obligate yourself. Isn't that fair?

Doesn't it stand to reason that we would not make such a liberal offer if we did not truly believe that Rexall "93" Hair Tonic will do all we claim for it—that it will do all and more than any other remedy? We have everything there is a demand for, and are able to judge the merits of the things we sell. Customers tell us of their success. There are more satisfied users of Rexall "93" Hair Tonic than any similar preparation we sell.

Start a treatment of Rexall "93" Hair Tonic today. If you do, we believe you will thank us for this advice. Two size bottles, 50c and \$1. You can buy Rexall "93" Hair Tonic in this community only at our store.

PUBLIC SALE

Having rented my farm and decided to go to Texas, I will sell at auction on my farm 3 miles west of Maryville and 4 miles southeast of Quitman, commencing at 10 a. m. on **TUESDAY, MARCH 25th**, the following property:
9 Head of Horses—Consisting of 1 bay mare 5 years-old, weight fourteen hundred; 1 brown mare 5 years old, weight thirteen fifty, with foal by Gene Wood's imported draft horse; 1 bay mare 12 years old, weight twelve hundred, with foal by same horse, and is an extra good brood mare; 1 coming 2 year old horse colt, sired by Wood's horse, a good one; 3 weanling colts, all good ones, and sired by imported studs; 1 team of driving ponies, 8 years old, weight sixteen hundred, perfectly gentle for lady to drive, and are extra good team for their size. 20 Head of Cattle—Consisting of 6 extra good milch cows with calves by their sides, 5 head of coming 2 year old heifers and 2 older cows to be fresh soon. This is a good bunch of cattle and are bred to a good bull. Hogs—6 head of brood sows, 4 of which are old sows averaging 400 lbs. each, the other 2 gilts. These are fine Poland-China sows and are bred to a good Poland-China boar. Due to farrow the last of March and first of April. All are healthy, having gone through the cholera last fall. About 12 doz. Plymouth Rock and Leghorn chickens. Grain and Hay—About 1000 bu. of corn in crib, 2 or 3 hundred bushels of oats, 15 bu. timothy seed, 100 bushels of speltz, 100 bushels of rye, some hay in now implements—2 farm wagons, 1 nearly new, 1 6-foot McCormick mowing machine, 1 12-foot Deering hay rake, 1 disk harrow, 1 tooth harrow, riding plow, 16-inch walking plow, lister and drill, 2 Jenny Lind cultivators, good as new, buggy, net work harness, set buggy harness, some extra good burr oak fence posts, a large pile of select hedge posts, all well seasoned; 1 DeLaval cream separator, used about 2 months and practically as good as new. Other articles too numerous to mention.

Terms—All sums of \$10 and under, cash; on sums over that amount a credit of 3, 6 and 9 months will be allowed, on bankable notes bearing 8 per cent interest from date.
Lunch served by ladies of Wesley Chapel church.
R. P. Hosmer, Auct.; J. D. Richey, Clerk.

Recognized as the universal standard of good dress. You can accept our word on the style, excellent quality and fine tailoring of these clothes. Call now, while the assortment is complete.

M. Nusbaum

DE LAVAL Cream Separators ARE EASIEST TO WASH

The construction of the De Laval bowl is such that it can be completely taken apart for washing.

The discs, bowl parts and tinware have no tubes, crevices, holes or corrugated surfaces such as are found in other machines and which are very hard to clean.

The De Laval discs are washed as a single piece and the whole machine can be thoroughly

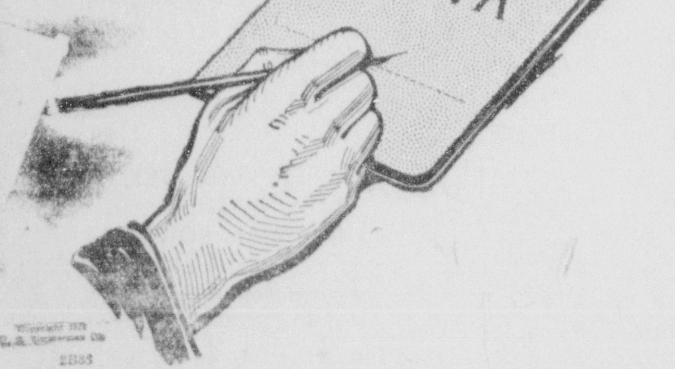

CLEANED IN FIVE MINUTES

There is no part of the De Laval bowl which cannot be easily reached and seen, so that the operator can always tell whether or not every part has been properly cleaned.

The ease with which the De Laval can be thoroughly washed and kept in a sanitary condition is one reason why creamerymen prefer De Laval to other separator cream, and is likewise one of the reasons why butter made from De Laval cream has scored highest at the National Dairy Show for over 20 years.

C. A. BARBOUR
MARYVILLE.

Your name should be here

It is on this line that your name counts most.

UNTIL a bank book bears your name, you are not advancing or bettering your situation. The going man or woman, of large or small income, is merely treading water until he or she starts to save. There is nothing more gratifying than the reflection that you have a comfortable balance at the bank. The very knowledge that you have the money in reserve to satisfy this desire or that makes self-denial easy and derives more pleasure than wasteful indulgence.

YOU SHOULD WALK OUT OF THIS BANK THE VERY NEXT PAY DAY WITH A BANK BOOK OF OUR OWN.

NODAWAY VALLEY BANK
MARYVILLE, MISSOURI
CAPITAL AND SURPLUS \$122,000.00

WERE WARNED ABOUT BECKER

Committee Probing Police Graft Makes Startling Disclosures.

ASSAULTED HIS SISTER-IN-LAW

Missive to Mayor Asking That Police Methods Be Looked Into Was Turned Over to Becker for Investigation. Lynch Denounced Lieutenant.

New York, March 21.—Letters read before the ad hoc committee investigating police graft showed that Mayor Gaynor and Police Commissioner Waldo were warned against the character of Police Lieutenant Charles Becker as far back as August, 1911. John F. Lynch, brother-in-law of Becker, who is now in the death house at Sing Sing for the murder of Herman Rosenthal, the gambler, bitterly denounced the former police officer in a letter to the mayor. The letter was read to Commissioner Waldo, who told the mayor that "this seems to be a family row" and "Becker is doing excellent work."

"One of my sisters is, unfortunately, his wife. She works for him, teaches school," Lynch wrote of Becker, "and he, hero-like, takes her money. She being away, he asks another of my sisters to come to his house to cook, but immediately attempted to assault her. She successfully resisted, threatening to cut him with a carving knife, whereupon he got his revolver and shouted that he would shoot her."

Veiled "Murder" to Escape. "By yelling 'murder' she was able to get out. He threatened her with arrest and said he would get out of his squad (the 'strong arm' squad) to catch her on the street some night and lock her up for soliciting. She came home crying and with her waist torn." In a postscript to his letter to the mayor, Lynch said:

"As further evidence of his character, I would say that he has frequently expressed the sentiment regarding your misfortune of a year ago that Gallagher should be electrocuted for not having killed you."

The Gallagher referred to was the man who shot Mayor Gaynor aboard a steamship at Hoboken. Becker's wife stood by Becker staunchly during his exposure and trial and is now aiding in his appeal to the higher court.

Mayor Sent Second Letter. Another letter, written to the mayor last March by one Henry Williams, asked that Becker be investigated.

"He is getting more money than a former chief of police," the writer said, naming the chief. This missive was sent by Mayor Gaynor to police headquarters. There it was turned over to Becker himself, the record showed, "for investigation and report."

Becker's report was that he had signed a detective to find the writer and that the detective had failed to do so, after interviewing the nine men named Henry Williams.

Two more policemen were indicted by the grand jury. They are Patrolman Victor Meyer and William J. Smith and are accused of bribery. The true bill against Meyer was based on testimony given by Rosie Hertz, a convicted disorderly resort keeper.

John J. Hartigan, the patrolman convicted last week for perjury, will not be sentenced until next Tuesday. His counsel arranged to have the case put over, declaring he would ask for a certificate of reasonable doubt and present an argument for a new trial. The attorney said he had "new evidence." Mr. Whitman did not oppose this move, since he believes that the more time in which Hartigan has to reflect the more likely he will be to turn against the "system," as the patrolman's friends are urging him to do.

MRS. EATON UNDER ARREST

Widow of Late Rear Admiral Is Charged With Murder.

Plymouth, Mass., March 21.—Mrs. Jennie Eaton was locked up in the county jail here pending a hearing on the charge that she murdered her husband, Rear Admiral Joseph Giles Eaton, by poisoning him.

She was brought here from Hingham, where she had been arraigned following her arrest. Through her counsel she pleaded not guilty, waived the reading of the complaint and was held without bail for examination, March 28.

It has not been determined whether the inquest into the sudden death of the admiral will be resumed. It was intimated that Mrs. Eaton might not be brought to trial. The possible appointment of a commission to pass upon her sanity was suggested.

Elliot Urged to Accept.

Washington, March 21.—Charles W. Elliot, president emeritus of Harvard university, has been decided upon by President Wilson for ambassador to Great Britain. Close friends of the president telegraphed President Elliot, congratulating him and urging him to accept. George W. Guthrie, former mayor of Pittsburgh, has been selected to be ambassador to Mexico.

Brewery Cashier Missing.

Omaha, March 21.—Charles W. Teten, cashier and office manager of the local branch of the Val Blatz Brewing company, has been missing since Monday and not a word has been heard of him by his friends, fellow workers or his wife.

Farmer Injured.

Beatrice, Neb., March 21.—A. A. Roberts, a farmer living near Cortland, was seriously injured by getting caught in a belt wheel while sawing wood with a gasoline engine. His left leg was broken in two places and he was injured internally.

Criminal Charge Preferred.

Broken Bow, Neb., March 21.—Albert Jones, a man whose father runs a hotel at Dunning, was arrested here on a charge of criminal assault, preferred by Ruth Cole, a thirteen-year-old girl living at Dunning.

CLEANSE YOUR LIVER AND BOWELS WITH DELICIOUS "SYRUP OF FIGS"

REMOVES THE SOUR BILE, GASES AND CLOGGED-UP WASTE WITHOUT GRIPE OR NAUSEA. NO HEADACHE, INDIGESTION, CONSTIPATED, BILIOUSNESS OR COATED TONGUE.

Foul breath, coated tongue, dull, throbbing headache, stomach sour and full of gases, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter; that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, which one is the best? and that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs, senna and aromatics, must act in a harmless, gentle and natural way. Syrup of Figs can be constantly used without injury.

Sold Calves to Go to Minnesota.

M. C. Gwinn of Bedison sold two 8-months-old male calves to H. H. Bonnewell of Hutchinson, Minn. These calves sold for \$100 each and are thoroughbred Shorthorns.

ATTENTION MOTHERS!

If You Have or Know of a Delicate Child Read This Letter.

"My little daughter Louise, age 9 years, has always been delicate, anemic, had no appetite and seemed listless, and we could not seem to find anything that would help her, until we were advised to give her Vinol. She started taking it six weeks ago and inside of two weeks she showed a marked improvement both in appetite, vim and looks. Being so well pleased with the results, I continued giving it to her, and words fail to express my gratitude, and faith in Vinol both as a blood maker and body builder. As my child was an anemic for so long makes the reason all the stronger for me to recommend it to others in similar condition."—Geo. E. Munro, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because in a natural manner, it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ of the body.

Every bottle of Vinol is guaranteed to give satisfaction or money refunded.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Moved to Foster Property.

W. E. Goforth and family moved this week from the Jester property, 610 East Fourth street, to the Henry Foster cottage, 715 East Fourth street, across the street from the Jester place.

BABY LOVES ZEMO FOR SKIN TROUBLE.

Stops Itching at Once—Cures Irritated, Chapped Skin.

Buy a 25c Bottle Today and Prove It.

Try one application of ZEMO on the baby, and see the poor little fellow jubilate with his toes, and chuckle. If he could only talk he'd thank you for the heavenly relief. ZEMO is guaranteed to stop itching immediately or money is refunded.

For rash, tetter, and all the skin troubles that babies suffer, ZEMO has no equal.

For the skin troubles that men and women suffer, for all the itching, raw, scorching eczema, dandruff, inflamed or reddened skin, it has proven its astonishing results in thousands of cases. The immediate relief it gives is almost heavenly. ZEMO is a clean, antiseptic solution applied to the skin; no oily paste or ointment.

"My feet would scald and crack into the blood. Could hardly walk. Tried one bottle of ZEMO, 25c, and it cured them." F. W. Flowers, jeweler, Oakdale, Va.

ZEMO is sold in 25c sealed bottles and guaranteed in Marville by Love & Gaugh, druggists.—Advertisement.

Mr. and Mrs. Harry Burnham went to St. Joseph Friday morning to visit their daughter, Mrs. T. D. Littler.

MAKES HAIR GROW.

Parisian Sage an Invigorator that Makes Hair Grow Abundantly or Money Back.

If your hair is thinning out gradually it won't be long before the bald spot appears.

The time to take care of the hair is when you have hair to take care of.

For thin falling hair the best remedy known to mankind in Parisian Sage. It is compounded on scientific principles and furnishes to the hair root a nourishment that acts quickly and promptly and causes the hair to grow.

But remember this: It kills the dandruff germ, the pest that appropriates all the natural nourishment that should go to the hair root.

Parisian Sage is sold by Koch Pharmacy under a positive guarantee to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

It gives to women's hair a lustre and radiance that is most fascinating and causes it to grow abundantly.

Parisian Sage is sold by druggists in every town in America. A large, generous bottle costs 50 cents, and the girl with Auburn hair is on every bottle.—Advertisement.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days, and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Kock Pharmacy.
